OTTAWA, Oct. 2.

Parliament prorogued on Wednesday. Langevin demands \$1,500 sessional indemnity and mileage from Quebec city.

The members of the commons voted themselves an extra sessional indemnity of \$500 each.

The commons on Tuesday expelled McGreevey and ordered the speaker to issue a writ for an election in Quebec west.

The conference between the Canadian and United States representatives at Washington in October 12th has been indefinitely postponed.

The senate on Tuesday amended the Northwest bill by reducing the number of Saskatchewan members in the assembly from six to five making the total membership 25. When the bill went back to the commons on Wednesday just before prorogation, Lariviere objected to the amendment. The bill therefore was killed. The consequence is that the assembly elections will be held on the old divisions.

The striking lumbermen at Hull, Quebec, endeavored to prevent the resumption of work at some of the mills on Wednesday. The police interfered and fight ensued in which fifty of the strikers were wounded before they retired. An enquiry is demanded into the conduct of the police in using their batons on the strikers. On Thursday 600 strikers succeeded in preventing work at Bronson & Weston's mill. The mill owners are determined not to yield. Three hundred families receive relief daily. Three thousand strikers have already left for the States.

WINNIPEG, Oct. 2.

General Boulanger suicided on Wednesday at Brussels, on the grave of his late Mistress Madame Bonnemian.

The rumor is again revived that the C. P. R. will build a line from Hankinson, Dakota, to Regina and then run through passenger trains via the "Soo" St. Paul and Regina to the Pacific coast.

The western exhibition has been a great success. The display was good and the attendance large, but rain spoiled the out door attractions on Thursday and Friday. Edmonton secured the first prize for the best collection of grain in the sheaf and also for the best collection of native grasses.

HOSPITAL CONCERT.

It is to be hoped that the hospital concert on Monday and Tuesday evenings next in the Presbyterian church will be well attended. The Medicine Hat hospital is a most creditable and useful institution, being first class in every particular and now that Edmonton is in a position to benefit by its existence the people should not be backward in helping in its support. Besides, no doubt, the concert, as such, will furnish an evening's entertainment such as has never before been enjoyed in this place.

MORE SAMPLES WANTED.

PROF. SAUNDERS, director of the central experimental farm, writes to the Calgary agricultural society: I am much interested at present in securing from the several districts in the Northwest Territories samples of such grain grown during the present year as will do credit to the Dominion. These samples will be used in preparing exhibits for the museum of the experimental farm at Ottawa for exhibition in England and probably for the forthcoming world's fair at Chicago, in the spring of 1892. I should feel obliged if you could secure for me samples from the Calgary district and also from the Red Deer and Edmonton districts from the prize samples to be shown at your approaching exhibition. These will be paid for by the department of agriculture, but we do not expect to pay much more than the current market prices. The particulars desired with each sample are as follows: Name of variety, name of grower, post office address, name of district, yield per acre of the crop from which the sample has been selected and when practicable the dates of sowing and harvesting. The particulars will be attached to the samples exhibited so that credit may be given to each locality for its products.

MESSRS. J. ROSS, A. M. NANTON, W. MACKENZIE, M. BURNS and J. R. COSTIGAN all of the C. & E. railway, who arrived by special train on Saturday morning last, brought a team and wagon with them and drove out to St. Albert during the forenoon, returning by the Sturgeon, shooting chickens on the way. They left for the south again on Saturday about two o'clock.

J. ROSS of Fort Saskatchewan left on Wednesday's train to resume his position as operator on the Lethbridge railway.

S. S. TAYLOR, purchased lots 87 and 88 in block 3, H. B. property, on Tuesday last at \$200 each. The sale was by auction.

TEN homestead entries in the Edmonton land office during the past two weeks, ending September 25th. Also six general sales.

W. MCINTYRE, who arrived on Thursday's train of last week, left on Saturday with J. Batty for White Fish lake, where he will take charge of the Methodist mission school.

THE new scow now completed by J. Walter for the new ferry crossing is 16 feet, 6 inches wide by 48 feet long, or 53 feet over the aprons.

CHIEF FACTOR CAMBELL of Mackenzie river and daughter and J. H. Reid of the H. B. Co., Athabasca, left for the Landing and the far north on Monday.

H. C. TAYLOR left on Friday's train for St. John, N. B., to pass his final examination for admission as a barrister in order to secure admission to the bar of the Northwest.

A LARGE party of South Dakota farmers from the vicinity of Abardeen, arrived in Winnipeg on September 27th on their way to Yorkton, Prince Albert and Edmonton.

C. SANDISON has a beauty of Hebron potato, perfectly shaped, which turns the scale at three pounds. The potatoe was grown in the garden surrounding the BULLETIN office.

PROPERTY to the amount of 12 lots and the value of \$1,750 changed hands this week through the agency at P. Heimick & Co. on the Pritchard estate and in other localities.

T. McLAUGHLIN has entered into partnership with John Hourston and will open business next week in the latter's blacksmith shop, near Hourston & Co.'s hardware store.

L. BERNARD, of Longueuil, Montreal, father of O. Bernard, of Fort Saskatchewan, arrived on Monday's train on a visit to his son. Mr. Bernard is highly pleased with the appearance of the country.

A. MARCELIN, who mined at Edmonton in '67 and has during the past ten years been farming at Olga, North Dakota, has decided to re-cross the line and settle in Prince Albert.

THE contract for road improvements on the South Side from the new ferry landing to the top of the hill was let on Saturday last to Thos. Dunlap for \$120. There were four tenders.

THREESERS arrived on Monday's train for Malcolm McLeod, Edmonton, J. Walter, South Side, Macdonald & Lagase, St. Albert and R. Logan, Beaver lake. W. Cust's thresher will arrive next week.

As the team which was brought through by contractor Ross and party was being put on the cars on Saturday last the conductor of the special train, Frank Mitchell, was severely kicked by one of the horses.

A FIFTY pound sack of flour was lost off W. Walker's wagon on the street between Norris & Carey's store and the BULLETIN office on Friday afternoon. Any person finding the same would confer a favor by leaving it at this office.

W. C. TIMS, of the South Side has let the contract of his new store, immediately in front of the railway station to K. A. McLeod. The building will be 24x40, story and a half high, with flat tinued roof. The upper story will be used for offices.

W. BLOSS of Beaver lake was in town this week. Geese were numerous at the lake before he left, but were difficult to approach. Wayys had not begun to come in. Mr. Bloss has sold out his interest in his ranch on the Calgary trail near Barnett's to V. Anderson.

THOS. MARKS, a very prominent citizen and business man of Port Arthur, who visited Edmonton last week and was driven around the grain fields for a day by Jas. McMunn, pronounced all the wheat he saw No. 1, hard. The percentage of frozen wheat at Edmonton this season is represented thus '00.

REV. Father Morin arrived on Monday's train accompanying a party of French Canadian immigrants from the county of Joliette, Quebec. The party numbered about forty-five and included three families coming to settle, a number of relatives of the colony which arrived in the spring and six delegates prospecting for a good location.

EDMONTON BULLETIN, SEPT. 26, 1891.

THE EXHIBITION.

It is to be hoped that all parties interested in the welfare of the Edmonton district will do their share in making the exhibition on Friday of next week the greatest possible success. This has been a good year all around with Edmonton and we can well afford to take the time to show to each other and to the country at large what our district can do and what we can do with it. This region needs more people, and there are thousands of most desirable people who are looking for just such a country. To secure the people we must show them what kind of a country we have by showing them what it will produce. This is the main object of the exhibition—an object in which every one has a material interest and which every one can materially assist. The result of the Winnipeg exhibition shows where Edmonton stands in the production of grains and grass—at the head. It is as far ahead in roots and vegetables and almost every other product of the farm, but the fact requires to be demonstrated, as it can be at the coming exhibition. Hitherto we have complained that we could not get our samples of produce on exhibition in desirable localities and properly credited to us. Now we have offers from the C. P. R., the Dominion immigration agency and the central experimental farm to take our samples in hand and place them on exhibition in Winnipeg, in Eastern Canada and in England. This is what we want, what we need to secure the increase of population in this district which is necessary to properly develop it. The exhibition is a means by which we can secure the best possible selection of agricultural products for this purpose, but it is only of use if it is used. Owing to the early date of the Winnipeg exhibition it was impossible to secure threshed grain to send there. Had that been possible no doubt we could have taken first prize in that line. Threshing has now commenced and it is well worth the extra effort necessary to secure a showing of threshed grain which shall be really representative of the capabilities of the district. Hitherto the proper purpose of our exhibitions has been the exchange of information amongst ourselves and mutual encouragement. But now the main object is to secure an increase of desirable population, by informing the world of what the district can do.

WINNIPEG EXHIBITION 1891.

Edmonton took first prize for best collection of wheat, barley and oats in the straw and the best collection of grasses.

Deloraine, Southern Manitoba, took the Ogilvie prize for the best 25 bushels of red flax wheat.

Ignis, Western Manitoba, took 1st prize for the best collection of grain threshed and in the straw, Regina 2nd, Prince Albert 3rd.

SAMPLES WANTED

T. BENNETT, Dominion government immigration agent at Winnipeg writes to Norris & Carey: "I would esteem it an especial favor, if your board of trade are sending agricultural products to the Winnipeg exhibition, that they would allow me to procure them at the close of the exhibition, for the purpose of placing them along with other samples of a similar kind in our immigration hall here, as an attraction to immigration to that district, and especially so as the provincial government does not encourage immigration outside of the province. Mr. Baldwin, our Icelandic agent, has just returned from the Edmonton district and speaks in the highest terms of what he saw. He also procured some very fine samples of wheat, oats, barley and flax, but had the misfortune to see them reach Winnipeg entirely destroyed having become heated, hence my desire to replace them. I shall feel deeply grateful for your assistance in procuring the desired samples, as they although destroyed, are some of the finest that have come in as yet this season."

C. N. GARNER of the H. B. Co. at Victoria, planted two pounds of imported red potatoes last spring. This week he dug from that seed 370 pounds of potatoes. One of the potatoes weighed 4 lbs 1 oz.

IMPORTANT ANNOUNCEMENT

I beg respectfully to inform my customers and the Public of Northern Alberta, that owing to rapidly increasing business I have found it necessary to remove to more central and commodious premises in Jasper Avenue. And I would now take this opportunity of thanking my numerous customers for past favors, and assure them, that as in the past, I will still continue to be my aim to deserve the esteemed patronage which hitherto they have so liberally accorded to me.

I have pleasure in directing attention to the enormous consignment of Fall Goods now opened out, which for value and variety quite eclipse anything yet offered to the Edmonton Public.

Dealing neither in Groceries nor Provisions, the high class Dress Goods, Silks and Velvets, etc., which I carry, escape the dust, and other deteriorating influences which must necessarily accompany the handling of mixed merchandise; and greater scope is also afforded for keeping a more complete and better assorted stock of the lines dealt in.

LADIES' DEPARTMENT

DRESS GOODS, MILLINERY, ETC.

Space prevents enlarging on this head, but I beg to state that nothing in the Northwest can surpass my line of Dress Goods and Trimmings, which embrace nearly every range and which for durability, beauty, and cheapness, far exceed anything yet shown. In Fall Millinery also the selection now on view is simply A. 1. In Silks, Satins, Velvets and Plushes, I have secured a most lovely and complete assortment. I would direct special attention to a very fine range of Bengaline Silks in nearly every shade, very suitable for evening wear. Also Walking Jackets, Fur Coats and Caps, Mantle Cloths, Jersey and Shawls, there will be found nothing to surpass them in town. Also in Ladies' and Girls' underwear, Corsets, etc., etc., will be found a very large selection. And in Ladies' Fancy Goods of every kind will be found an endless and most complete assortment.

MEN'S AND BOYS' DEPARTMENT

A REGULAR SLAUGHTERING IN THIS LINE.

20 % OFF FOR CASH

Large as my New premises are, I find them too small for the immense stock which I carry. I have therefore given instructions to have a large addition immediately erected. But mean while I have no room to put the ENORMOUS FALL CONSIGNMENT OF READY MADE CLOTHING still to arrive and I am therefore compelled to offer the stock now on hand at the above sacrifice. It comprises a very fine assortment which may now be had at almost cost.

HOUSE FURNISHINGS, CROCKERY, CHINA, ETC.

Parties furnishing will do well to inspect the large assortment of these goods now displayed consisting of Carpets, Rugs, Floor Cloths, Table Covers, Oil Cloths, Piano Covers, Curtains (all kinds), Window Blinds, Blankets, Quilts, Towels, Sheetings, Napkins, Toilet Requisites, Dinner and Tea Sets, Glass and China ware, Brackets, Handsome Mirrors, Pictures, Ornaments.

Parties writing for samples of Dress Goods, Etc., will receive prompt attention; and to all desirous of inspecting and pricing the goods, a cordial welcome will be given as I am confident that my values will satisfy the keenest buyer.

Buying, as I do, direct from Manchester, England, my Establishment is now designated

THE MANCHESTER HOUSE

THE FOUNDATIONS OF EDMONTON'S FUTURE PROSPERITY.

It will be well that the many visitors to Edmonton on the occasion of our approaching exhibition should be able to read in the columns of THE BULLETIN something concerning not only the present advantages of the town itself but also the resources of the surrounding country and the future clearly in store for both. Let us consider these things then.

The town is beautifully situated at the head of navigation on the Saskatchewan, the richest gold-bearing river in the world, and one in which platinum, now in great demand, abounds. The town is also the terminus of the Calgary & Edmonton Railway, already completed thus far from the south and in all probability very shortly to be extended north to Athabasca Landing on the Athabasca River, the great water-highway to the Peace and Mackenzie River districts, shown by Lieut. Governor Schultz's Parliamentary committee to be so immensely rich in nature's resources of all kinds; so much so as to have become known as "Schultz's Paradise." Edmonton will be the centre into which this wealth will find its way and from which the means of developing the northern districts will be supplied; for Edmonton is in that portion of Alberta, which furnishes vast quantities of timber, coal and gold, which produces grains of the best grades in abundance, which affords ample hay and grazing lands and is sure to be on the main line of a new transcontinental railway certain to be constructed in the near future.

The wheat and grasses from this district captured the first prize at Winnipeg Exhibition last month. It is estimated that the crop for this season will yield half a million bushels of perfectly ripened grain entirely of untouched by frost; and there have also been immense yields of all kinds of roots, vegetables and garden produce.

The government Land Office reports 328 entries since the 1st April of this year; \$20,000 have changed hands in Edmonton town lots during the past thirty days; an Electric Light Company with a capital of \$10,000 has been formed for the purpose of furnishing light, heat and power to the townspeople; the Imperial Bank lately opened, is about increasing its staff; substantial new buildings are going up in all directions; and the government buildings, the erection of which will be commenced in spring, and which will cost about \$25,000, and many other great improvements are in progress in contemplation. These things are prophetic of Edmonton's future.

The present time is but the dawn of the era of the rapid advancement of our town. Now is the golden opportunity for the investor, whether he be farmer, laborer, mechanic, merchant or capitalist; for certain it is that within the next few months there will be a great advance in the value of property. During the next thirty days there will be exposed for sale at absurdly low prices and upon very easy terms of payment one thousand town lots in the heart of the town lying in the Pritchard Estate and other adjacent properties. For these desirable lots application is to be made to P. Heiminck & Co., Real Estate and Financial Agents, Edmonton, either personally or by letter.

A spell of unfavorable weather occurred this week which shut off stacking operations, and made things generally unpleasant. The air became chilly and the sky threatening on Monday. Tuesday morning the weather changed and on Tuesday night a little snow fell which lay during Wednesday and part of Thursday. On Thursday night the weather cleared and Friday was mild and beautiful, with every vestige of snow and frost gone. This was the first frost of the season to kill tomato vines in town and even get plix and other hardy flowers are uninjured and blooming. Stacking is now in progress and nearly finished.

E. F. KELSEY, ex-government statistician of Manitoba, and one of Herts, England, arrived on Monday's train to it possible secure a location for his son who accompanies him.
